

Pharmacists ACT UP!

Pharmacists Activating COVID-19 Telehealth for Underserved Populations

Date: Friday November (11/13/2020) from 12:00PM-3:00PM EST

Target Audience: This program is designed for licensed ambulatory care, inpatient, and community pharmacist in the Washington DC Metropolitan Area.

Program type: Live webinar

ACPE Pharmacist CE Credit Available: 0.3 CEUs

Funding Statement: This project is supported by the Health Resources and Services Administration (HRSA) Center of Excellence Grant under award number T1NHP39164.

Fee: N/A

Statement of goal: To discuss the regulatory framework of and opportunities for pharmacists' engagement in telehealth post COVID.

Activity Type: Application

Objectives: At the completion of this activity, the participant should be able to:

- Define Telehealth
- Examine the VA's utilization of pharmacists in video-based telehealth prior to COVID-19
- Distinguish Telehealth policies in the District of Columbia after COVID-19
- Interpret collaborative grant opportunities in the District of Columbia supportive of Telehealth
- Compare and Contrast various Telepharmacy practices and the role of Pharmacists
- Distinguish Telepharmacy operational workflow considerations in ambulatory and community practice settings
- Demonstrate general Best Practices for Pharmacists regarding telehealth video conferencing
- Illustrate methods of increased patient engagement during a telehealth encounter
