

Optimizing Resident Summative Evaluations by Using Criteria Based Feedback

Date: 7/28/20 Times: 12:00 pm-1:00 pm

PGY-1 Pharmacy Residency Program
Washington DC VA Medical Center
50 Irving Street NW, Washington DC

Target Audience: The program is designed for pharmacists who serve as residency program preceptors at DC VA Medical Center and Howard University Hospital.

Needs statement: Effective feedback plays an integral role in the development of pharmacy residents. The ASHP accreditation standard for PGY-1 pharmacy programs expects residents to receive verbal and written feedback that references specific criteria. Although criteria-based feedback is a major expectation when evaluating residents, this standard remains to be the most frequency cited PGY-1 Residency Standard.

Statement of goal: To educate pharmacy residency preceptors on how to provide effective criteria-based feedback to pharmacy residents

Activity Type: Application

Format Type: Live Webinar and Home Study

Financial support: None to disclose

Objectives:

At the completion of this activity, the participant will be able to:

- Explain the purpose of summative evaluations and the role that they play within the structure of a pharmacy residency program
- Discuss the importance of providing criteria-based feedback within written summative evaluations
- Employ useful tools within PharmAcademic to guide the development of criteria-based feedback within summative evaluations
- Evaluate and, when necessary, revise written feedback in order to ensure the appropriate use of criteria-based commentary

Presenter/Faculty:

Jasmine Carpenter, Pharm.D, BCPS
Clinical Pharmacy Specialist-PCMHI/PACT Mental Health
PGY-1 Residency Program Director
Washington DC VA Medical Center, 50 Irving Street, N.W, Washington, D.C. 20422
