Transitions of Care: A Community Pharmacy Service to HealthCare Systems

Date: Friday June 10, 2022

Time: 1:30 – 2:30 pm EST

Walgreens Pharmacy
Howard University Hospital
2041 Georgia Ave NW, First Floor Suite J-10,
Washington, DC 20060

Target Audience: Healthcare professionals including pharmacists, physicians, fellows, residents, nurses, technicians.

Needs Statement: The impact of hospital pharmacists in reducing readmission rates during the transitioning of patients between different care settings is well documented. The Centers for Medicare and Medicaid services (CMS) has identified improved communication and coordination of care as methods to decrease hospital readmissions. Community pharmacists can greatly impact communication and coordination of care post-discharge with patients and their outpatient providers, thus impacting readmission rates and improving patient outcomes.

Statement of Goal:

To increase the awareness of healthcare professionals on the benefits of community pharmacists as an integral part of the transitions of care team in reducing readmission rates and improving patient outcomes.

Activity Type: Knowledge

Objectives:

At the completion of this activity, the participant will be able to:

- Define transitions of care and discuss its relevance.
- Describe the role of community pharmacy in transitions of care.
- Identify measures of success and sources of revenue.
- Outline strategies and resources for implementing transitions of care services.
