

Management of Traditional Cardiovascular Diseases in Hemodialysis Patients: Where is the Evidence?

Date: 02/21/2020 **Time:** 1330-1430

Location: Howard University College of Pharmacy Annex III Room 117
2300 4th Street, NW Washington, DC 20059

Continuing Pharmacy Education Program
Department of Clinical and Administrative Pharmacy Sciences
Howard University College of Pharmacy
2300 4th Street, NW Washington, DC 20059

Who should attend: The program is designed for pharmacists and pharmacy students at Howard University College of Pharmacy and Howard University Hospital (HUH)

Needs statement: Cardiovascular disease (CVD) remains the leading cause of morbidity and mortality in patients with end-stage renal disease (ESRD), with the prevalence of these cardiovascular diseases observed highest among patients on hemodialysis. Both pharmacists and pharmacy students should be familiar with the current evidence and guidelines on management and treatment of cardiovascular complications, especially in patients with declined renal status due to their increased likelihood of morbidity and mortality

Statement of goal: To increase familiarity of pharmacists and pharmacy students with management of traditional cardiovascular diseases in hemodialysis patients

Activity Type: Knowledge

Objectives: At the completion of this activity, the participant will be able to:

- Review evidence and guidelines on the management of cardiovascular disease in hemodialysis patients
- Discuss whether modification of traditional risk factors decreased cardiovascular events in this hemodialysis patients
- Identify gaps in the current understanding of CV risk modifications in hemodialysis patients
- Assess the current evidence of management and treatment of chronic heart failure and dyslipidemia in hemodialysis patient.

Fellow: Chiemena Ohanele, PharmD, RPh

Fee: N/A

Howard University College of Pharmacy, (COP) is accredited by the Accreditation Council for Pharmacy Education (ACPE) as a provider of continuing pharmacy education. This program meets ACPE criteria for 1 contact hour (0.1 CEU). Credit will be awarded through the CPE Monitor, within 3–4 weeks of the seminar to those who successfully complete the program. Using the following URL: <https://hurxce.learningexpressce.com/index.cfm>, the evaluation form and a score $\geq 70\%$ correct on post test questions will be required for successful completion. The ACPE Universal Program number assigned to this program is 0010-0000-18-006-L02-P
