

Pharmacy Practice Update in HIV/AIDS Management

Date: 11/21/2019

Time: 6:00 – 8:30 PM

Continuing Pharmacy Education Program

HSC Pediatric Center –
1731 Bunker Hill Road, NE,
Washington, DC 20017

Who should attend: The program is designed for pharmacists in the DC HIV/AIDS Pharmacy Network and pharmacists in client organizations of CPA/MedNovations and other health professionals.

Needs Statement: Optimal medication management of populations with low literacy requires pharmacists and other healthcare providers to receive updates in healthcare delivery.

Statement of Goal: To equip the practicing pharmacist with current knowledge and understanding of topics integral to the care and safety of populations with HIV.

Activity Type: Knowledge

Objectives: After completing the program, participants should be able to:

1. Discuss some of the key elements of a Drug Utilization Review (DUR).
2. Discuss the importance of an interdisciplinary team in conducting a successful DUR.
3. Identify the public health importance of STD's within the District of Columbia and in the US population overall.
4. Given a clinical case, discuss the common STDs and recommend an appropriate course of therapy for an HIV- infected client.
5. Discuss the importance of an interdisciplinary team in conducting a successful DUR.
