

Clinical Care of Transgender and Gender Non-conforming Clients

Date: 2/26/2019

Time: 12:00 – 1:00 PM

Continuing Pharmacy Education Program
Clinical Pharmacy Associates, Inc.

316 Talbott Avenue,
Laurel, MD 20707

Who should attend: The program is designed for pharmacists.

Needs Statement: Optimal medication management of clients/patients with HIV/AIDS requires pharmacists and other healthcare providers to receive updates in healthcare delivery.

Statement of Goal: To equip the practicing pharmacist with current knowledge and understanding of topics integral to the care and safety of persons infected with HIV.

Activity Type: Knowledge

Objectives: After completing the program, participants should be able to:

1. Examine general concepts relevant to cultural awareness of transgender and gender non-conforming (TGNC) people relative to physical and mental health
2. Highlight the incidence and risk of HIV in TGNC people
3. Discuss barriers to engage and retain TGNC people in HIV care
4. Identify appropriate strategies that would enhance HIV prevention and ARV adherence for TGNC clients to impact the DC 90/90/90/50 Plan
5. Review DC ADAP Transgender Formulary Additions
