

Helping and Understanding the Latinx Individual Living with HIV/AIDS and Adherence

Date: 4/28/2020

Time: 12:00 – 1:00 PM

Continuing Pharmacy Education Program
Clinical Pharmacy Associates, Inc. &
DC Department of Health
HIV/AIDS, Hepatitis, STD,
TD Administration

Who should attend: The program is designed for pharmacists in the DC HIV/AIDS Pharmacy Network and pharmacists in client organizations of CPA/MedNovations.

Needs Statement: Treatment Adherence and effective pharmaceutical service delivery for Latinx individuals living with HIV/AIDS requires pharmacy professionals to acquire culturally relevant knowledge, understanding and practical skills.

Statement of Goal: To equip the practicing pharmacist with current knowledge and skills to understand factors that impact adherence to HIV/AIDS medication in the Latinx community.

Activity Type: Knowledge

Objectives: After completing the program, participants should be able to:

- Understand factors that impact adherence to HIV/AIDS medication in the Latinx community
- Discuss strategies that may improve antiretroviral therapy adherence in Latinx PLWHA
- Learn techniques to improve medication adherence in Latinx PLWHA
- Discuss application of strategies and techniques to presented case studies highlighting different issues affecting the Latinx community
