

MEP Spring Assembly 2016 CE:

Date: 4/9/2016

Time: 9:00 – 10:00 AM

Location: Salon AB

Who should attend: The program is designed for inpatient and outpatient pharmacists to enhance their understanding of why certain medications are used during severe bleeding.

Needs Statement: There is a decreased knowledge of what medications are used to treat severe bleeds caused from trauma and medications.

Statement of Goal: To enhance the understanding of management strategies used to treat severe bleeds.

Activity Type: Knowledge

Objectives: After completing the program, participants should be able to:

- Explain the mechanisms of action of pharmacological agents used in managing severe hemorrhage.
- Recommend evidence-based therapies for patients with hemorrhage from trauma.
- Select appropriate therapies to help prevent morbidity and mortality for patients with anticoagulant induced bleeds.

Presenter

1. **Patrick P. Dougherty, PharmD, BCPS**– Clinical Pharmacist-Emergency Medicine, Peninsula Regional Medical Center

Fee: N/A

Howard University College of Pharmacy, (COP) is accredited by the Accreditation Council for Pharmacy Education (ACPE) as a provider of continuing pharmacy education. This program meets ACPE criteria for one contact hour (0.1 CEU). Credit will be awarded through the CPE Monitor, within 3–4 weeks of the seminar to those who successfully complete the program. Using the following URL: <https://hurxce.learningexpressce.com/index.cfm>, the evaluation form and a score $\geq 70\%$ correct on post-test questions will be required for successful completion.
