

Emergency Medication Management Services for Vulnerable Populations

Date: Tuesday, July 14th, 2020 – 7 pm EST

Target Audience: This program is designed for Healthcare Company CEOs, Pharmacy Directors, Managers, Supervisors and Pharmacist Clinicians interested in implementing a Medication Management Service in their respective institutions, facilities, ambulatory care settings and/or pharmacies.

Program type: Live webinar

Needs statement: The novel Coronavirus COVID-19 has caused health care professionals to respond and adapt to a rapidly changing environment. This presentation will highlight the important role a pharmacist can play in ensuring that our most vulnerable patients are cared for during an emergency. In addition, pharmacists will be able to identify the steps needed to implement a medication management service.

Statement of goal: To increase the pharmacists' ability to implement a medication management service during an emergency and or healthcare crisis.

Activity Type: Knowledge

Fee: N/A

At the completion of this activity, the participant should be able to:

Pharmacist Objectives:

- Define populations vulnerable to disasters
- Describe the components of a medication management service
- Identify the steps taken to respond to COVID outbreak in Washington, DC

Faculty: Tamara McCants, PharmD

- Director, Capitol City Pharmacy Medical Reserve Corp
- Director of Residency Programs and Practice Transformation

**Howard University College of Pharmacy
Chair, DC Board of Pharmacy**
