

Living Nutritiously with HIV

Date: 9/24/2019 **Time:** 12:00 – 1:00 PM

Continuing Pharmacy Education Program
Clinical Pharmacy Associates, Inc.

316 Talbott Avenue,
Laurel, MD 20707

Who should attend: The program is designed for pharmacists.

Needs Statement: Optimal care of populations living with HIV requires nutritionists, medical case managers, pharmacists and other healthcare providers to collaborate in order to assure the nutritional needs of each patient/ client are identified and addressed.

Statement of Goal: Identify nutritional requirements and common nutritional risk for patients/ clients living with HIV as well as recognize practical ways to optimize their nutritional status in cooperation with the registered dietician.

Activity Type: Knowledge

Objectives: After completing the program, participants should be able to:

1. Understand the role of a Registered Dietitian in assessing patients for malnutrition and providing medical nutrition therapy.
2. Identify nutrition related side effects of anti-retroviral therapy.
3. Demonstrate the importance of practicing food safety.
4. Demonstrate the ability to utilize community resources for patients who are experiencing food insecurity.
